Intermediate
Passed with 67.2 % .                                   2018 – 2019

**Pushpa English Medium School**
Matric
Passed with 8.6 CGPA                               2016 – 2017

## CERTIFICATIONS

**Full Stack Web Development (MERN)**

- **Sheryians Coding School**
- July 2022 - June 2023
- Certicate Link

## PROJECTS

**Code Nest - Edtech Web Application**

- Created an EdTech platform with ReactJS, Vite.js, Node.js, Express.js and MongoDB. Users can access a wide range of technical courses through an interactive UI. Instructors can publish courses, fostering learning and enabling earning opportunities.
- Implemented JWT-based authentication and REST API for secure and seamless user interactions.
- Live Preview - Code Nest Live
- GitHub Repository  - Code Nest GitHub

**Instagram Clone - Social Media Web Application**

- Developed a feature-rich Instagram clone using ReactJS, Vite.js, Node.js, Express.js and MongoDB. Users can effortlessly share their moments by posting delightful posts, and other users can engage with these posts by leaving comments and likes. Additionally, they can establish connections by following friends, fostering a sense of community and interaction within the platform.
- Implemented JWT-based authentication and REST API for secure and seamless user interactions.
- Live Preview - Instagram Clone Live
- GitHub Repository - Instagram Clone GitHub

**Image Pulse - Image Gallery Web Application**

- Developed an image gallery app using Next.js and React.js, integrating the Unsplash API. Users can easily search and discover high-quality images through a seamless and responsive interface.
- Live Preview - Image Pulse Live
- GitHub Repository - Image Pulse GitHub

**Daily Doer - To Do Web Application**

- Built a robust to-do application using Next.js, React.js, Node.js, Express.js, and MongoDB. Users can seamlessly create, manage, and prioritize daily tasks, ensuring efficient task completion and organization.
- Implemented secure and seamless user interactions by incorporating JWT-based authentication along with effective management of sessions and cookies using REST API.
